**THEY GIVE US UNCONDITIONAL LOVE,
PLEASE DON'T TURN YOUR BACK ON THEM!**

Everyday, countless pets are abandoned and left on their own to reproduce. If unspayed, a single cat, her mate and all of their offspring, producing just 2 litters per year, with 2.8 surviving kittens, can result in as many as 11,801 cats in just 5 years! Consequently, millions of healthy, loving cats, kittens, dogs and puppies face early deaths as a form of animal control. Others are left to fend for themselves against cruel humans, automobiles, the elements and other animals. Our goal is to end this cycle of overpopulation of strays by raising funds to spay and neuter. Please help us make a difference by joining us at this fund raiser.
